CONSULTING SERVICES

Kinetic IT's ServiceNow capabilities enable modern, automated, and optimised enterprise service management, delivering business value and superb customer experiences. Kinetic IT's consulting services, from strategy to go live, will see you get the most out of your investment.

BE STRATEGIC

Our Strategic Advisory services support you to define your vision for how ServiceNow empowers your organisation. By developing a platform strategy, the right roadmaps and solutions, Kinetic IT makes your vision a reality.

BE ALIGNED

We partner with you to establish robust ServiceNow governance and operations at the strategic, portfolio and technical levels to enable ongoing value delivery.

BE DYNAMIC

Kinetic IT's Platform Review services provide a clear understanding of the health and security of your ServiceNow environment. We provide recommendations to enhance these factors, and advice on maximising your ServiceNow license and investment.

DELIVERY SERVICES

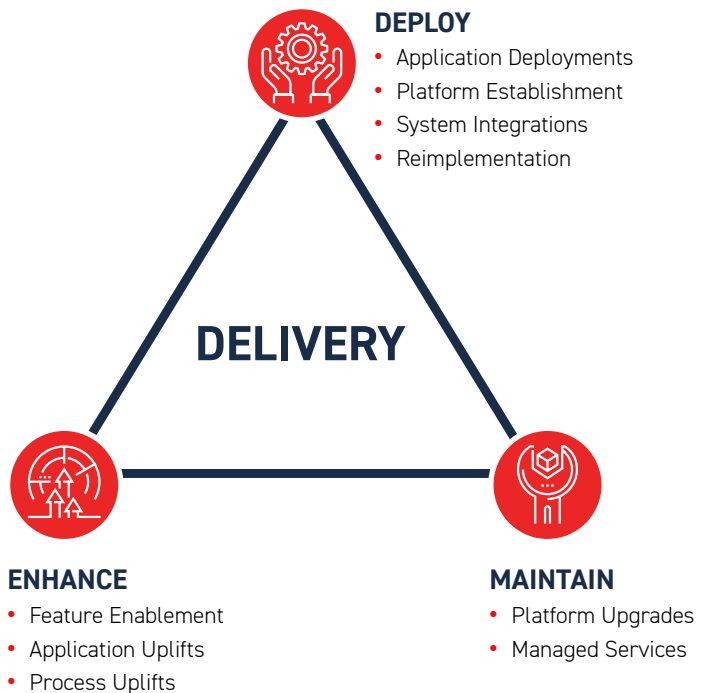

Kinetic IT deploys, strengthens and maintains ServiceNow environments for some of Australia's most iconic commercial and public sector organisations. Our services are set up to support an organisation at any stage of the ServiceNow journey, whether you're just starting out or, like us, have been using the platform for years.

We've got a focus proven track record in customer service management, human resources and IT service management environments, with the ServiceNow certifications to back it up. Where we excel is our solid foundation, built after more than a decade in the ServiceNow partner ecosystem, ensuring your solutions are designed with industry best practice and our depth of expertise front of mind.

ONGOING SUPPORT

Our team will see you through the full lifecycle of the ServiceNow platform, from initial implementation through to upgrades, enhancements, and day-to-day management and maintenance.

With our deep domain expertise and reputation for maintaining and evolving our customer's IT service management ecosystem, Kinetic IT is with you for the long haul.
